**Re: FINAL REPORT of Amarillo License, L.P. for Station
KNKA574 and High Plains Wireless, L.P. for Stations
KNLF919 and KNLG748 on Implementation of TTY Digital
Compatibility for 911 Emergency Calling
CC Docket No. 94-102**

Dear Ms. Dortch:

On behalf of Amarillo License, L.P. ("Amarillo") and High Plains Wireless, L.P. ("High Plains"), pursuant to CC Docket No. 94-102, Fourth Report and Order, we hereby submit their final report on implementation of TTY digital compatibility for 911 emergency calling for Stations KNKA574, KNL919 and KNLG748. On June 28, 2002, the Commission extended the final implementation date until December 31, 2003 for Amarillo and High Plains.

Development Activities

(1) Network infrastructure software development

Amarillo and High Plains currently use Lucent Technologies ("Lucent") as the infrastructure provider for their TDMA systems. Lucent has upgraded their networks to include TTY digital compatibility.

(2) Handset development and testing plans

Amarillo and High Plains have obtained handsets with TTY digital compatibility.

(3) Beta testing and lab testing

The manufacturers are responsible for beta testing and lab testing.

(4) Release and general availability to carriers of network infrastructure software

Lucent has upgraded the networks of Amarillo and High Plains to include TTY digital compatibility.

(5) Availability to carriers of full acceptance test units

Amarillo and High Plains have obtained full acceptance test units.

(6) Efforts toward achieving digital wireless solution compatibility with enhanced TTY devices

Lucent has upgraded the networks of Amarillo and High Plains to include TTY digital compatibility.

Testing and Deployment Activities**(7) Carrier coordination of testing with PSAP**

Amarillo and High Plains have successfully tested TTY digital compatibility with the PSAP.

(8) Carrier testing activities, including field testing, consumer end-to-end testing and other necessary tests

Field testing, including end-to-end testing, was successfully completed.

(9) Retail availability of necessary consumer equipment

Handsets with TTY digital compatibility are available to customers upon request.

(10) Geographic scope of network infrastructure deployment

Amarillo has deployed TTY digital compatibility in the Amarillo, TX MSA, and High Plains has deployed TTY digital compatibility in the Amarillo, TX and Lubbock, TX BTAs.

Please address any inquiries regarding this matter to the undersigned.

Respectfully submitted,

/s/

Eliot J. Greenwald
